# Getting Started

Your Chandigarh Easy Chair may arrive partially assembled. A few simple checks before first use — and no power tools — are all it takes to enjoy its solid-wood frame and cane detailing for years.

## READY TO USE

Your Chandigarh Easy Chair may arrive partially assembled. Unpack it carefully and, if any fittings are supplied, follow the enclosed steps and hand-tighten them before first use. No power tools are required.

## PLACEMENT

Use on a level surface. Keep at least 12 in (30 cm) from heaters and out of direct sun to protect the leather and wood.

## USE

Sit normally. Avoid standing or jumping on the chair, and lift rather than drag it to reposition.

# Care & Maintenance

Natural leather and solid wood reward a little regular attention. Follow these steps to keep the cushions supple and the frame rich in colour.

## Leather cushions

Dust weekly. Wipe with a slightly damp cloth and dry immediately. Condition with a quality leather conditioner 2–3× per year, and keep the leather away from sharp objects.

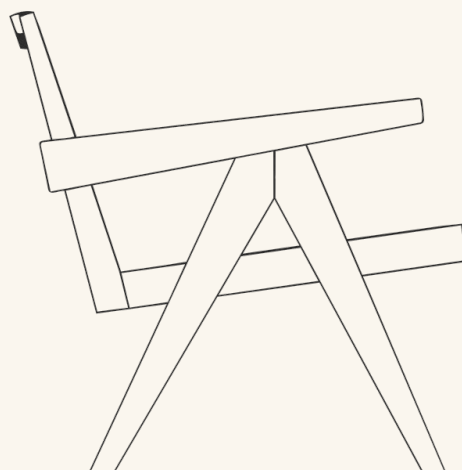

## Solid wood frame

Dust weekly. Wipe with a damp cloth, dry, then apply a quality furniture wax or oil 2–3× per year to nourish the timber and even out its tone.

## Hardware

Re-tighten any bolts after the first 2 weeks of use, then check every 6 months to keep every joint firm and silent.
