# Care & Maintenance

A little regular attention keeps the leather supple, the frame rich in colour, and every knot firmly in place.

## Leather cushions

Dust weekly. Wipe with a slightly damp cloth and dry immediately. Condition with a quality leather conditioner 2–3× per year, and keep away from sharp objects.

## Solid wood frame

Dust weekly with a damp cloth, dry, then apply furniture wax or oil 2–3× per year to nourish the timber and even out its tone.

## Hardware

Re-tighten any bolts after the first 2 weeks of use, then check every 6 months to keep every joint firm and silent.
