Getting Started

Your Pacha Lounge Chair arrives ready to enjoy — no power tools required. Its sculpted, plush form is built on a solid wood frame, so a few simple habits will keep it looking beautiful for years.

READY TO USE

The chair may arrive partially assembled. Unpack it carefully and, if any fittings are supplied, follow the steps below to secure them. No power tools are needed.

PLACEMENT

Use on a level surface. Keep at least 12 in (30 cm) from heaters and out of direct sun to protect the leather and the wood.

USE

Sit normally. Avoid standing or jumping on the chair, and don't drag it across the floor — lift to reposition.

Care & Maintenance

Fine leather and solid wood reward a little regular attention. Follow these steps to keep the Pacha supple, rich in colour, and steady for years.

Leather cushions

Dust weekly and wipe with a slightly damp cloth, drying immediately. Condition with a quality leather conditioner 2–3× per year, and keep away from sharp objects.

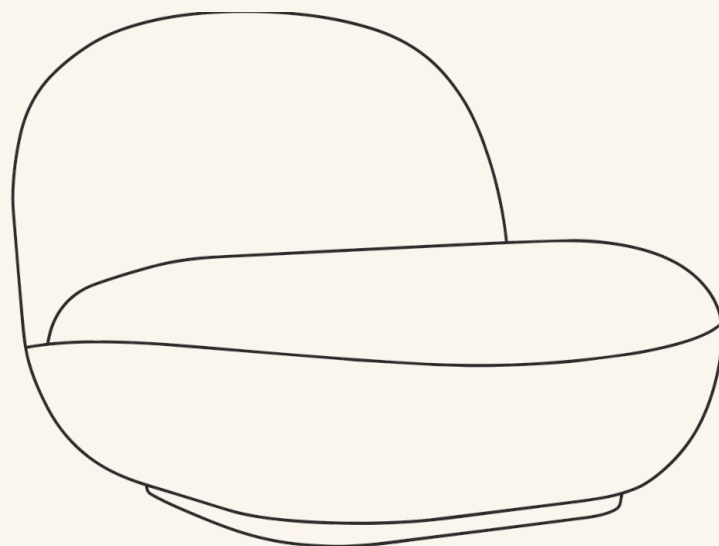

Solid wood frame

Dust weekly with a damp cloth and dry, then apply a furniture wax or oil 2–3× per year to nourish the timber and even out its tone.

Hardware

Re-tighten any bolts after the first 2 weeks of use, then check every 6 months to keep every joint firm and silent.
