Getting Started

Your Soriana Chair arrives partially assembled and needs no power tools. A few simple habits will keep its solid-wood frame and supple leather looking beautiful for years to come.

READY TO USE

The Soriana Chair may arrive partially assembled. Unpack it carefully and follow the steps below. No power tools are required — any supplied fittings simply need hand-tightening before first use.

PLACEMENT

Use on a level surface. Keep at least 12 in (30 cm) from heaters and out of direct sun to protect the leather and the wood.

USE

Sit normally. Avoid standing or jumping on the chair, and don't drag it across the floor — lift to reposition it.

Care & Maintenance

Natural materials reward a little regular attention. Follow these steps to keep the leather supple and the frame solid for years.

Leather cushions

Dust weekly. Wipe spills with a slightly damp cloth and dry immediately. Condition with a quality leather conditioner 2–3× per year, and keep away from sharp objects.

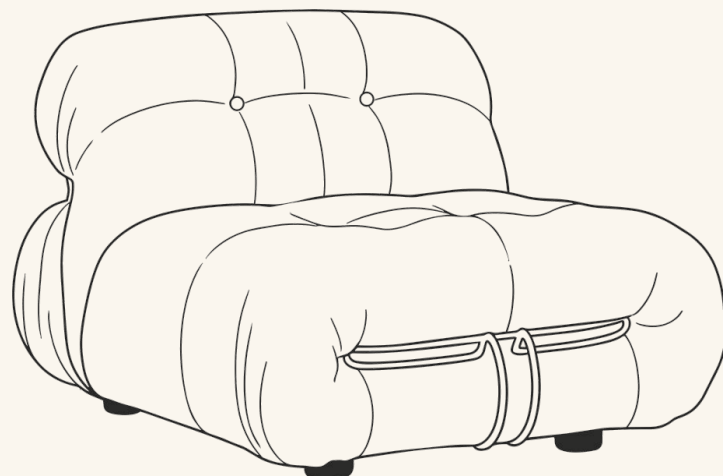

Solid wood frame

Dust weekly with a damp cloth and dry, then apply furniture wax or oil 2–3× per year to nourish the timber and even out its tone.

Hardware

Re-tighten any bolts after the first 2 weeks of use, then check every 6 months to keep every joint firm and silent.
